

## Jenny Hill

Jenny is passionate about ensuring that all students receive an amazing education at FFCA and that all staff members have the tools to make that happen. This term, she is continuing the work to secure a permanent South High School as well as advocating for FFCA's Managed Growth Policy and continued expansion.

In addition to her volunteer work with the school, Jenny is a mom to a couple of amazing kids who attend SMS and SHS and works full-time as an executive assistant at United Way of Calgary and Area. Her experience in working very closely with a governance board provides a unique perspective from the other side of the table, which has been extremely useful in working with FFCA's Administration while on the Board of Directors.

Jenny is not only a fantastic cook and a bit of a fitness junkie, but she is also an avid reader, and if you ask, she is always happy to give you a book recommendation.

*"The ceiling you once aspired to becomes the floor you now walk on."* (unknown)
