

Naren Makwana

Naren has been enjoying volunteering with FFCA, spanning work in the classroom, fundraising, and serving on the board from 2018 to 2022. After being away from the board table for one year, he is eager to continue contributing to FFCA.

Naren enjoys volunteering on boards as he feels it's a great way to get deeply engaged in and positively contribute to organizations he is passionate about. He has also been a board member of Financial Executives International and a Calgary-based music festival. Professionally, Naren has over 22 years of experience within the Government of Alberta as a Director of Finance.

For Naren, FFCA is more than just a school – it is a closely knit community that is passionate about providing a learning environment that fosters developing students into successful, caring and contributing members of society.
